### BACKGROUND

---

TRAFFIC is the leading non-governmental organization working globally on trade in wild animals and plants in the context of both biodiversity conservation and sustainable development.

TRAFFIC International is a charity and limited company registered in the UK. TRAFFIC's head office, based in Cambridge UK, provides worldwide leadership, coordination, cross-regional and corporate functions. TRAFFIC's local engagement is managed through programme offices operating under the auspices of the UK charity, with staff based in a hub office and at other strategic locations where necessary. Programme offices operate within a geographic area of responsibility focused on one or multiple countries where TRAFFIC aims to help deliver priority programme outcomes.

Candidate will have to be eligible to work in Belgium / the EU

### JOB DESCRIPTION

---

#### Characteristic Duties

The mission is twofold:

- To engender the political will of European – particularly EU - decision-makers to provide for adequate technical and financial means for the effective implementation of commitments and outcomes stemming from key African regional and subregional policy fora addressing wildlife trade problems – with an emphasis on Central Africa and its Congo Basin;
- To support the political will, policy commitments and outcomes at key regional Central Africa and Congo Basin fora that lead to the effective implementation of European – particularly EU - efforts outside Europe to address wildlife trade problems, with a focus on Central Africa and the Congo Basin.

#### Specific Duties

- Monitors relevant policy decision-making in the EU (European Commission, Council and Parliament) and ensures that TRAFFIC's objectives and technical advice are communicated to target audiences for consideration;
- Develops policy briefs, provides policy advice and support in the implementation of the EU Action Plan against Wildlife Trafficking and other related EU initiatives (e.g., on forestry and marine resources) relevant to wildlife trade - with an emphasis on Central Africa and its Congo Basin;
- Develops partnerships with relevant target audiences and partners (including various Directorate Generals of the European Commission, different configurations of the Council and relevant committees/interest groups/experts of the European Parliament, as well as select permanent representations of EU Member States in Brussels, and other EU agencies);
- Supports and influences the development of EU funding opportunities of relevance for wildlife trade with an emphasis on Africa, monitors respective funding flows and provides advice on their proper implementation as well as on potential unintended detrimental side-effects;
- Monitors and influences development of new funding mechanism related to issues of relevance to TRAFFIC (sustainable development and conservation, regional integration, multilateral agreements, etc);
- Liaise with target audiences leading on EU bilateral and multilateral issues in support of effective implementation of and awareness on relevant EU wildlife trade policies vis-à-vis regional entities and bodies in the African and other regions;
- Communicates TRAFFIC's policy advice and positions to the above target audiences and support them with advice and implementation guidance as related to relevant international and bilateral fora/instruments. This includes bilateral EU initiatives with other key countries and regions, e.g. EU-Africa and other such for a;
- Liaises and closely working with relevant TRAFFIC policy staff and office directors in TRAFFIC;
- Liaises with the EC, and relevant EU delegations and representatives at Africa-specific meetings of UN agencies (e.g., UN Environment, UNDP, FAO), ICCWC and other international organisations working on issues related to wildlife trade;

- Supports relevant EC, and EU delegation representatives with implementation guidance and advises on policy coherence as related to African CITES commitments as well as trade-related commitments stemming from other multilateral agreements (CBD, CMS, UNTOC, UNCAC, etc.);
- On the basis of the above, and in collaboration with TRAFFIC policy colleagues, identifies and develop strong linkages and mutual support between related policy work in Europe and Africa and other regions and policy work conducted by TRAFFIC, as well as high-level policy fora such as the UNGA and country-led initiatives such as London Conference on IWT.
- Represents TRAFFIC and TRAFFIC's position at various events;
- Maintains regular liaison with counterparts/relevant colleagues at the IUCN and WWF offices and other partner organisations in Brussels as well with fellow NGOs and CSOs;
- Other duties as required by the TRAFFIC Programme Office Director – Europe.

### About IUCN

*IUCN is a membership Union uniquely composed of both government and civil society organisations. It provides public, private and non-governmental organisations with the knowledge and tools that enable human progress, economic development and nature conservation to take place together.*

*Created in 1948, IUCN is now the world's largest and most diverse environmental network, harnessing the knowledge, resources and reach of more than 1,300 Member organisations and some 10,000 experts. It is a leading provider of conservation data, assessments and analysis. Its broad membership enables IUCN to fill the role of incubator and trusted repository of best practices, tools and international standards.*

*IUCN provides a neutral space in which diverse stakeholders including governments, NGOs, scientists, businesses, local communities, indigenous peoples organisations and others can work together to forge and implement solutions to environmental challenges and achieve sustainable development.*

*Working with many partners and supporters, IUCN implements a large and diverse portfolio of conservation projects worldwide. Combining the latest science with the traditional knowledge of local communities, these projects work to reverse habitat loss, restore ecosystems and improve people's well-being.*
